

BOARD VACANCIES

Princes Court Ltd invites suitably skilled and interested people to nominate for one of four vacant positions on the Board due to current directors ending their appointed term.

The Princes Court Board is looking ahead to a challenging, yet exciting time amidst a background of changing consumer needs and expectations, the findings from the Royal Commission into ageing and a major building project at Princes Court Homes supported by a Federal Government \$11 Million grant.

Individuals who have an interest and/or knowledge in the development of aged care services for this community are sought to join us on this journey to further the services provided by Princes Court including the Homes and the Village.

The Board has a particular interest in attracting people with skills and experience which include: governance and service design/delivery in the health and social sector, clinical or gerontology specialist knowledge or large scale building planning, development, architecture or contract management.

Princes Court values diversity and aims to ensure that individuals on the Board represent the culture and community it serves.

For information on these positions and how to apply, please refer to careers on our website: www.princescourt.com.au or contact **Lyn Heaysman, Chair on 0419 552 798**

Applications close 10th October, 2023.
